

## Black Prince Trust – Community Update – Phased reopening of The Hub – Monday 10<sup>th</sup> August 2020

Here at the Black Prince Trust we treat the health and safety of our staff and community with upmost respect and importance. Following the Governments lifting of restrictions on leisure facilities within the UK, BPT has prepared for a phased reopening of The Hub. To plan and support the reopening BPT has:

- Conducted an site wide risk assessment and for all our activities at the Hub and specifically for the core sports (Football, Basketball and Boxing) which will be open for review on the BPT website in due course
- Rearranged all the partner office space to ensure employees can return to work in a safe and socially distanced environment
- Put in place guidance for all staff highlighting how we can all remain safe and offer safe activity for our community
- BPT facilities have all been deep cleaned and will be maintained on a regular basis
- Worked with our on-site and off-site partners to ensure they are compliant with the Government guidelines and have policies and procedures in place to deliver safe community activity from The Hub

From Monday 10<sup>th</sup> August The Hub will be open to members of the community that have pre booked activity between the hours of 10am – 5pm only. These opening times will continue to be reviewed by the site management team, as time progresses, and restrictions continue to ease.

During these times the site will offer “Face to Face” pre-bookable sessions and continue to deliver our remote, interactive sessions (information attached to this email).

Our on-site partners Powerleague and The Foundry are both partially reopening their facilities and please refer directly to them for details of non-community based activity.

To keep up to date on all things BPT please visit [www.blackprincetrust.org.uk](http://www.blackprincetrust.org.uk) and search Black Prince Trust across all social media platforms.
